Re: Annual CLEC and IXC reports – Knology of South Carolina

Dear Mr. Terreni:

Enclosed please find the following information:

- Annual information of South Carolina operations for IXCs and AOS'
- Annual report for CLECs operating in the state of South Carolina

Knology would like this information treated as confidential and has therefore provided copies accordingly. This report contains competitive information entitled to trade secret protection. The information contained within the report fits squarely within the definition of a "trade secret" under the South Carolina Trade Secrets Act. A "trade secret" is defined in S.C. Code 39-8-20(5)(a) as information that "(i) derives independent economic value, actual or potential, from not being generally known to, and not being readily ascertainable by proper means by the public...and (ii) is the subject of efforts that are reasonable under the circumstances to maintain its secrecy." Further, S.C. Code Ann. Section 30-4-40(a) (1) (Supp. 2006) states that a public body may exempt "trade secrets" from disclosure, which include materials containing references to competitive information. Knology's report contains proprietary and competitively sensitive information on the Company, and therefore this material contains "trade secrets" entitled to confidential treatment. The Company undertakes considerable efforts to maintain the secrecy of the information contained in the report. Information of this type is not publicly disseminated, and Knology takes reasonable steps to guard this information internally as well.
